DID "EVIL EYE" WORK HERE THURSDAY?

Gypsies Hypnotized A Young Lady--Stole Small Sum

Did the "evil eye" get in its work here last week?

Were two of a band of nomads able to hypnotize a Ukiah young woman?

These were questions, seemingly answered in the affirmative, yet ones which are causing much talk in Ukiah.

What Took Place

Thursday afternoon two Gypsies went into Foster's Variety Store and, wandering into the rear of the establishment approached Miss Alice Foster, who was at the cash register, by the use of some queer motions and some strange words, it is stated, the men managed to hypnotize the cashier and get their hands in the register and make away with a sum running between eight and nine dollars.

Gave It Back

It was some minutes after the pair had gone before Miss Foster was able to get her wits working sufficiently to be able to relate the circumstances to Mr. Foster. As soon as the latter understood just what happened he got into communication with the police and, tracing the robbers to the camp of the nomads, forced the men to return the sum stolen.

Made To Move On

Because the officials did not wish to have the band hanging about the city, they gave the leaders to understand that, unless a speedy departure from Ukiah was begun, the men would be placed in jail and others of the band treated to city prosecutions. Shortly afterward the Gypsies started north.

Mishap Both Ways Greeted Ukiah Man

Hard luck rode with Herbert Schirmer when on his last trip to the city. When Mr. and Mrs. Schirmer and Mrs. A. R. O'Brien were enroute to San Francisco they came upon a wreck just the other side of Petaluma. A Petaluma man bound for Berkeley in a coupe had been forced off the highway by a speeding car and was so badly injured, it is understood, he has since died. It became necessary for the Ukiah party to lend first-aid to the injured motorist and, after hailing a passing machine, removed the unconscious victim from his coupe, they being obliged to break the doors of the coupe to do so. After attending the Shrine Mr. Schirmer went to Los Angeles and while returning here Friday Mr. Schirmer ran into a wreck in Dry Creek canyon. A Ford touring car had crowded an oil truck off the grade at a narrow turn in the road and, instead of posting some of the party at the dangerous curve, all of the occupants of the car and truck stood about the wreck expressing their views. Mr. Schirmer rounded the curve and, unable to stop his car, even though traveling slowly, ran into the cars and broke his radiator badly. Although he was able to get into Cloverdale, it will be necessary to get a new radiator.

Mrs. Alpha McCormack returned Sunday evening from a visit with relatives at San Rafael.

Round Valley To Extend Hospitality

Round Valley is to have a big Round-Up the second, third and fourth of July and a copy of a warm welcoming letter sent by Long Bill, of Covelo, to Still Pete, of Pinoleville, has been given The Press. The invitation Still Pete sends is no more hearty than that which the good people of Round Valley send Ukiah folks. We are going to have our Pow-Wow this fall and we should see that a big delegation went from here July Fourth, in order that Round Valley might reciprocate in the fall. Pete's letter runs:

Covelo, Calif. June 26, 1922.

Mr. Still Pete, Pinoeville, Calif.

Friend Pete:

Long time I no see you, long time I don't hear you, so I write let you know bout Round Valley going to hold big Round-Up that Fourth Day. Three days, 2nd, 3rd and 4th. Going to be barbecue, ride wild horses, camp out, everything, down on Haldon ranch, that east side of valley.

Lots them young fellows going to ride, I guess. Broncho Bob, Brown boys, Elmer Bucknell, Clair Kelley, I hear. Some old one too, maybe, Henry Bucknell, Bill Kelley, Frank Feliz, all good riders. You still got that palomina horse TinEye, you bring it. Might you show some these young fellows something.

All them mountain men coming, and some from other side.

Doc Bennett got new white hat, going to ride that Baldy horse cowboy style. He say don't sick nothing that time, too busy give medicine till after Fourth.

Plenty Round Valley boys living Ukiah now. You see it, you tell it all about them Round-Up.

Bill Van Dyke he's working Courthouse job. You got some land, he tell you how much worth, pay taxes. When you get money, you send Lee Cunningham, he let you keep land nother year. Lee got lotsa money now. I see him last week. "Who keep all that money in Ukiah, now, Lee, while you stick round Covelo?" I askit. He say: "Fred Handy, nother Round Valley boy, he hold sack, till I get home."

Roy Rea, he's big medicine man now in Ukiah, cut leg off, cut arm off, fix up good, everything but head. Percy Handy, them Redwine boys, too, all live here long time ago. Don't amount to much then, but smart like everything now. All them fellows got automobile, you tell it come Rodeo, have big time. Lotsa old people die here last winter, but plenty good ones living yet. Better you bring that old woman along. Tell her don'tfraid Injun drunk, cause never drunk nothing long time, can't get it. That's reason.

Everybody haying now. Women all sew that Fourth July dress. I look for you and TinEye till I see you come. Your friend, LONG BILL.

COULD NOT RENT HOME SO HE HAD TO BUY ONE

After trying for several weeks to rent a residence in Ukiah and failing, Mr. and Mrs. L. C. McDonnell, formerly of Berkeley, purchased the house and lot at 204 Thompson street and the family is getting settled nicely, following having renovated and improved the property purchased.

SMALL BOY OPERATED ON—CONDITION SERIOUS

Stanton McGimsey, the little son of Mr. and Mrs. Grover McGimsey underwent an operation at Langland hospital Sunday for appendicitis. Drs. Van Allen and Rea were the surgeons. Yesterday the little boy was reported to just about holding his own.

VISITED PARENTS

Mr. and Mrs. A. D. Scott returned Monday morning from a week-end visit at the home of Mr. Scott's parents at Point Arena.

NEVER FAIL

This week there came to The Press a letter from H. Hamberger, of San Francisco, reading: "Please stop the classified advertisement we had in The Press. The goats advertised for sale have all been disposed of." A classified advertisement in The Republican Press rarely fails.

Mrs. Ed. Dunn had some goats to sell and, using The Press classified columns, disposed of them quickly.

H. Schiebel had furniture for sale and, availing himself of The Press classified columns, got rid of what he wished to let go soon after the advertisement appeared.

Hubert Wellman was leaving and, wishing to sell household goods in a hurry naturally tried The Press and accomplished what he wanted.

Mrs. G. E. Burk, while attending Chautauqua lost a bunch of keys. The keys were brought to The Republican Press and Mrs. Burk, of course, looked in the lost department to see if her keys were there and soon recovered them.

GIANT TENT FOR POW-WOW LEASED

Chairman T. W. Maguire of The Mendocino County Fair Association on Monday morning signed the contract with the W. A. Plumer Manufacturing Company of San Francisco for one of the largest, if not the very largest tents ever constructed in the United States for exhibition purposes to be used as the main "Big Top" at the Yo-kaya Pow-Wow and Harvest Festival, September 18th to 25th. It will be noted that the dates for the fall show have been changed from the 16th to 23rd, to the 18th to the 25th, and this, it is explained by the Fair Association officials, was made necessary because the big tent owners could not deliver it here in time to set it up and make ready for the original opening date. Instead of opening on Saturday the 16th, and closing Saturday the 23rd, the Pow-Wow will open Monday the 18th and close Monday the 25th.

Now Is The Time

While much cooperation has been shown by parents in clearing up these defects there is still left a great deal to be done. And during the summer months, while the children are out of school is an excellent opportunity. At least one-half of this percentage should be cleared up, that the children might start in their next year's work in no way impeded by physical disability, which is 95 per cent responsible for the standard of the child's work.

HELP BOY SCOUTS GET TO THEIR GARCIA CAMP

Who will aid the boy scouts movement in Ukiah by giving their cars for one day to take the boys to their summer camp on the Garcia river July 2? A camp site has been secured where the best of fishing and swimming can be enjoyed. There are tents and camping equipment which Scout Master Edward Pettis will haul on his truck. The trip will be under his personal supervision, but some way must be provided to get the boys there. Hiking is out of the question, owing to the time involved. Now is the time to show your genuine, practical patriotism and public spirit by offering your car or funds to provide cars. Report to Scout Master Pettis or The Press office, if you are willing to do either.

LODGE GATHERING

Saturday night Grand Patriarch C. E. Hatwell and Grand Scribe Ludlow, visited Encampment No. 104 I. O. O. F. had a banquet at which several clever addresses were made.

Dr. L. K. Van Allen recorded the birth of a son to Mr. and Mrs. Charles Lane on June 19.

GEO. BOGDANOFF MAY BE A VICTIM

Moonshiner Is Said To Have Evaded The Officials

George Bogdanoff, a Russian farmer living in Potter Valley, is in the county jail and will probably serve out a fine of $400 imposed on him by Judge H. L. Preston last week.

Cannot Talk English

The prisoner understands little or no English and, it is evident has not been able to present any mitigating circumstances in his favor, if any exist.

Not Real Moonshiner

In spite of the fact he pleaded guilty and, probably, did sell corn whiskey about the city and also offer to sell to others, it is not improbable he was not the actual maker of the liquor, which, according to authorities on liquor, was the best offered hereabouts.

Kohn Accused Him

As the facts came to The Press H. L. Kohn, the local grocer who was caught in the act of selling liquor to a young man some weeks ago, acknowledged the Russian was the one who had delivered the liquor to him and which he afterwards sold. It is rumored also a local professional man stated to the officers he had purchased liquor from Bogdanoff.

Goods Not His

Three officers went to the place the still was found. They agreed to come to the spot by different routes and to make their descent upon the still in rapid fashion as soon as a gun, which was to be used as a signal, was discharged. This they did and reached the still while it was practically working. Near the still on a cot they found a Russian Bible and close at hand a shotgun and a rifle. There also was a suitcase in which there was some jewelry, a small sum of money and numerous letters addressed to a party other than the arrested man. A pair of expensive shoes, which would not fit the accused and a pair of pants of good quality were also found nearby.

Man Ran Away

Bogdanoff insists another party was operating the still and that, when he heard the gun shot, becoming suspicious, ran away. Bogdanoff was not found at the still.

Fine Still Captured

The plant was said to be one of the very best copper outfits taken hereabouts and there was also confiscated several gallons of newly-made liquor.

Family Very Poor

Bogdanoff has a wife and six children and they are said to be in destitute circumstances and will probably have to be cared for by the county, unless the offender is allowed to go on probation. However, no one has appeared for Bogdanoff and it is not unlikely, being unfamiliar with American ways, the prisoner does not know in what manner to proceed.

Fine Feature And A Vaudeville Bill

"Silver Threads Among the Gold" the film picture coming to the Victory Theatre next Monday evening, July 3 is a refreshing digression from the sex problem play of the period.

Shows Dick Jose

In it the pages of life are turned softly back in a rural drama possessing a strong heart appeal. The play features Richard J. Jose, the famous singer who made the song immortal and the Lee children. During the showing of the film John Morrison, the Irish tenor, sings the song from which the play takes its name. Take a tip from us and get in early to see the picture beautiful and hear the phenomenal singer of Irish songs.

"Silver Threads Among the Gold" had a long run in the principal cities of the nation. There is special music for every scene of the play as you will find out to your great enjoyment.

Clever Silent Drama

One of the most delightful photoplays shown here in many weeks is "Three Live Ghosts" a Paramount picture featuring Anna Q. Nilsson and Norman Kerry to be shown at the Victory Theatre Wednesday and Thursday, July 5 and 6. The story deals with three soldier lads who, after being reported "missing" escape from a German military prison. The picture is artistic and the supporting cast all that the most exacting taste could demand.

CHIEF LOUIE WANDERS TO HAPPY HUNTING GROUND

Captain Louie, head of the Indians at St. Patrick's reservation died Sunday last and at sundown Monday was buried in the cemetery near the reservation. The tribal ceremonies were first held and afterwards Rev. Father Sheehan performed the Catholic rites for the dead, just before dying Chief Louie was given the last sacrament. A few moments before the old Indian died he called a native to his bedside and instructed him as to what was best for the Indians and at the cemetery this native explained the wishes of Chief Louie to the gathered natives, who were very numerous. Chief Louie directed the tribe following the instructions of the Catholic priest and make no change in their present method of living.

Retired S. P. Official Blood Poison Victim

For several days last week the report about town was A. S. Mann was very ill at Langland hospital, but the city was not prepared for the news which came Thursday, the retired railroad man had passed away. For a number of months Mr. Mann's health had been bad, but it was hoped he would be able to overcome his sickness. Mr. Mann, although not a very frequent visitor in Ukiah, had a large number of friends here and following his passing many were heard to express sorrow. Deceased was the owner of a large ranch on Orr's Springs road and while attending to his duties there some months ago hurt his foot. At first the injury seemed so trifling little attention was paid it. Blood poison, however, later set in and the leg was amputated.

Operation A Failure

For a few months the operation was thought to have been a success, but a short time ago it was ascertained the blood poison had not been halted, and Mr. Mann was obliged to take to his bed and death soon followed. He is survived by a widow and daughter.

Was A Retired Railroad Man

Deceased was at one time General Passenger Agent for the Southern Pacific at San Francisco. Retiring from that he bought the Berry Marks ranch of some 10,000 acres on the Orr's Springs road and engaged in sheep-raising. He built a fine home on the property, and with his family spent the greater part of his time there.

Poor Playing Of Ukiah Lost Game

Generally ragged playing on the part of the Ukiah ball team Sunday gave the J. H. Neubauer's of San Francisco a 11 to 6 victory. Nine errors were made by the local players, while the visitors made but three.

Pretty Plays

The features of the game were the fine line fly catch made in center by O'Neil, of Ukiah, who made a double play by a remarkable throw to second and the phenominally heavy hitting by Doyle, the first baseman of the Neubauer's, he having gotten two home runs and two hard two base hits.

There was a good sized crowd out and the town team was gven a lot of encouragement, but it was an off-day and when errors were made it appeared they arose at a time when they went harder against the Ukiah boys than usual.

More Games Soon

On July second, third and fourth Ukiah will play the Berioss Auto Painters here and some fast diamond work will be seen.

FAMILY RETURNS TO THE OLD HOME FROM SOUND

Mr. and Mrs. John Finne, who for a number of years resided in Mount Vernon, Wash., came to Ukiah last week and will again take up their residence in Redwood valley. Mr. and Mrs. Finne liked Washington and were doing well in the northern section, but business conditions made it necessary for them to come here and look after the family property.

FUN AT HOPLAND

The citizens of Hopland are not going to allow the Fourth of July to pass without a celebration. There is to be a ball game, Rodeo, dancing and swimming contest at that town and the whole community is, seemingly, bent on providing all who go to Hopland with a good time.

LAST FAMILY NIGHT

Wednesday night at St. John's M. E. church the last regular family social evening will take place. These affairs have been quite popular and have been largely attended.

UNCANNY STORY CIRCULATED WIDELY

Strange Description Of Sheriff's Death Was In Circulation

REPORTED KILLED

(Santa Rosa Press Democrat)

A wild rumor was current on the streets here last night for some time to the effect that Sheriff Ralph R. Byrnes of Mendocino county had been shot and killed by bootleggers. Superior Judge Hugh L. Preston was considerably surprised when informed of the report over the telephone at his home in Ukiah. He said he had been in the sheriff's office within 15 minutes and no mention was made of the subject, so he was satisfied there was nothing to it.

The Republican Press represents the Associated Press, Chronicle and Call of San Francisco and when the rumored death of Sheriff Byrnes started many queries began to be received. There is no explanation of how the report began, but it developed later that the story of the death ran strangely true to the manner in which many friends of Sheriff Byrnes have insisted when warning him, his death would come—that he would continue to approach desperate characters in too open a manner. As the alleged happening took place, The Press was told by the outside papers which wanted information, Sheriff Byrnes had started to arrest an offender without protecting himself, and that the lawbreaker shot him in the head. At the time Sheriff Byrnes was in Fort Bragg and had made no effort to arrest anyone.

The whole affair was a canard which, once started, quickly spread to San Francisco.

School Building Is To Be Started Soon

At the meeting of the Elementary school trustees last week bids for construction of the elementary school building were opened. There were five bids and that of Meryl R. Crane, of San Francisco, for $65,829 was the lowest. Mr. Crane's bid was approximately $11,000 lower than the highest bid offered.

To Use Cleland Hall

It is stated by Judge J. C. Hurley work will start immediately after the first of July and the structure be completed in 120 working days. This of course will mean the building will not be ready for the opening of the fall term of school, however, provision will be made to start the classes without any delay and, it is not unlikely, Cleland's hall will be rented for the first portion of the term.

To Employ Home Boys

So that deserving young men may be aided it is believed the board will endeavor to give as many of the boys of Ukiah employment as possible during construction of the edifice.

Mrs. Ralph Blend and two sons, Paul and Henry, are leaving today for a several weeks' visit with relatives around Seattle.

MENDOCINO COUNTY FARM NEWS

VARIOUS MATTERS WERE TOUCHED ON

Meeting was called to order Monday evening, June 19th, by President W. P. Burke. The order of business was dealt with.

President Yates, of the Mendocino County Farm Bureau, was present with his report of the Spring Farm Bureau Traveling Conference and presented it in a most interesting and instructive way. The report was divided into subject matter covering soil improvement, field crop improvement, irrigation and drainage, horticultural improvement, livestock improvement, pest control and home improvement as manifested through the agency of the Farm Bureau. Mr. Yates' report was listened to attentively and was appreciated by the center.

Made A Return

Mr. Brown gave his report and remitted cash returns from the benefit dance given to raise funds for road improvement work.

The Farm Advisor presented a tabulated report on the alfalfa fertilizer demonstration conducted on L. J. Romer's property in which results were shown as to the value of the different fertilizer ingredients tried.

BETTER LAW AGAINST DOGS NEEDED TO PROTECT SHEEP

Although 48 states have dog laws designed to protect sheep, many of them are so poorly planned or so poorly enforced that dogs still do much damage to flocks, especially in the farming States where flocks are small and dogs are plentiful. There is need for improvement in these laws, but, says the United States Department of Agriculture, a poor law that is enforced with energy may produce better results in sheep conservation than a much better law that is half-heartedly enforced. Dogs keep many men from going into the sheep businss, which is probably a greater setback to the industry than the actual damage done by them.

NEIGHBORING GROWERS SET $77 AS PEAR PRICE

Lake County pears will bring $77.00 per ton for No. 1 orchard run, according to the price set by the Lake County Pear Growers' Association at a meeting held in Finley last week. This price is higher than the figure set by the State Association, which was $71.25 net to growers, for No. 1 canning pears. The meeting was well attended by the pear growers and by the representatives of the packing companies.

HE IS MODEST?

(Point Arena Record)

M. H. Iversen, of Ukiah, was back on his native heath Tuesday. Mr. Iversen is a Point Arena young man fast assuming prominence as a lawyer at the county seat. He was here as attorney for the defense in the Dock trial held here Tuesday. Our only objection to Mr. Iversen—not a serious one—is, that he appears to be as shy and bashful as a "Beautiful Beatrice" of print "devil's" and hard to get acquainted with. We have no forked trident, are perfectly harmless, and quote you your father and brother, Iver A., as references to the office devil's meekness and standing in Point Arena Society.

IS SOMEWHAT BRIGHTER

About 90 per cent of the depositors of the First National and First Bank of Savings of Fort Bragg have signed the agreement. This is encouraging and the committee hopes to make it practically unanimous within the next few days.

Part Of A Famous Herd Was Bought

J. L. Romer and P. V. Page are back from Modesto where Mr. Romer purchased what is believed to be a portion of one of the finest herds of dairy cattle to be found in the country.

Made Big Outlay

The animals are regarded as the very best there is in dairy stock and every cow in the dozen brought here was sold Mr. Romer at a high figure.

The idea of Mr. Romer is to bring his dairy stock up to a point it will not be excelled anywhere. The Romer Vista ranch for a long time has been famous for the stock it had, but with the addition of the cows lately brought from Modesto, the ranch will surely receive much more deserved praise than ever.

Everything Is Modern

Not only is Mr. Romer bringing in fine stock, but it is also understood every facility for sanitary care of the cattle is being installed at Romer Vista ranch. Milking machines of the very latest type are to be used and the sheds and barns will be so arranged as to give the cows every modern provision for comfort and cleanliness.

AS OTHERS SEE HIM

(Point Arena Record)

Attorney Chas. Kasch, of Ukiah, was here Tuesday engaged in the prosecution of the Charley Dock case. Mr. Kasch has a pleasing personality and disposition which make it a pleasure to meet him. We freely forgive Charley for the omits made in the jollying he gave us while here. He's all right, but needs fixin'—should take the pruning shears and clip the crop of "G. O. P." ideas being raised and graft in a few "Bourbon" ones, then we could whoop it up morning, noon, and night for him. He does not know it, but he is carrying too much grey matter to be handicapped with rock-ribbed Republicanism fallacies.

NEW TRIAL DENIED

John A. Spencer, former clergyman, who was convicted last October in Judge Sayre's court at Lakeport for the murder of his wife on the shores of Clear Lake, was denied a new trial in Sacramento when the Third District Appellate Court upheld his conviction. A plea for a new trial for Spencer was made on March 13th last in the Third District Court of Appeals in Sacramento by Sidney P. Robertson, a prominent San Francisco attorney. The case had been submitted on briefs.

DOWN EASTERNERS WERE OVERJOYED AT DIFFERENCE

Two car-loads of stalwart woodsmen from Maine, emigrating to the redwoods in Humboldt county passed through Ukiah Sunday night on the Northwestern Pacific line. Forty-two men being in the party. They are moving they stated because they were paid a dollar a day in Maine for lumbering work, and will get 35 cents an hour in Humboldt county.

MAIL CONTRACT IS LET AT A REDUCED FIGURE

The Lake County Auto and Transportation Co. was awarded the contract to haul the mail between Hopland and Lakeport for the fiscal year. The contract was reduced from $2600 to $2190 per year. Fifty cents per hundred excess was allowed.

ERECTING GARAGE

Dr. G. W. Stout, who, since purchasing the lot next his residence, has beautified the grounds, is this week constructing a garage on his newly acquired land.

Mr. and Mrs. Frank Sandelin and daughters came up from Berkeley and will remain in Ukiah for a month or longer.

H. Schirmer is back from a trip to Los Angeles. Mrs. Schirmer remained in the south for a more extended visit.

Sheriff R. R. Byrnes has been on the coast for several days.

Judge J. C. Hurley was looking after professional matters at Fort Bragg last week.

G. Torgeson of Kansas is in Ukiah for a month's visit with his sister, Mrs. F. O. Strong.

Navarro Highway Is Being Built Quickly

Indicating wonderful progress is being made on the Navarro highway The Mendocino Beacon says:

"The J. P. Holland Construction Co. received at San Francisco from the East last week a 30-ton steam shovel of the caterpillar type which will be shipped to Mendocino on the steamer Pasadena. This shovel will be used on the coast end of the Navarro highway and will take the place of a lighter machine which will be moved back to construct the new grade leading down the coast south of the Navarro river.

Rapid Work Seen

Great progress is being made on the highway under construction, and at the end of the week something like two and one-half miles will have been completed at each end leaving a gap of seven miles yet to construct. With most of the hardest work gone through it now looks as though the entire length would be completed before bad weather sets in.

ANCIENT LEGEND PERHAPS ASSISTS REMARKABLE APPLE

The old apple orchard at Fort Ross looks fine and the trees will bear a good crop of fruit this season. This is a remarkable old orchard. The trees were planted by the Russians when they landed there in 1812, and the crop is usually of fine, sound apples. An old legend about the place is that when the orchard was set out Russian priests blessed the soil pressed about the roots of the trees and decreed that pests should not destroy them.

MANY BERRIES MARKETED BY MENDOCINO GROWERS

East Mendocino strawberry growers are now picking from 700 to 1000 baskets of strawberries daily. The entire output is being consumed on the coast. Figuring at a wholesale value of 10 cents a basket, the growers are receiving an income from their berries of between $70 and $100 a day.

Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

165% Increased Business
The buying public is the surest barometer of the value of any article. Their approval of Oldfield value has been demonstrated by the increase of 165% in business for the first five months of 1922 over the corresponding period of 1921.

Uncle John's Poem ~

TOO ONE-SIDED

THIRTY-two guarantors for the Chautauqua had to dig into their own pockets to make up a deficiency in the sale of the season tickets for the Chautauqua at Lakeport and The Lakeport Bee, commenting on this situation, says: "It is really too bad this had to happen. If all the residents who purchased season tickets from the Chautauqua box office, would have purchased their tickets from the Committee, and if many of those who make it a practice to pay at each performance at the gate, would have purchased season tickets from the Committee, no deficiency would have had to been made up. The Chautauqua can not be billed into a town where a guaranteed sale of tickets is not made. Therefore, it falls on a few to take the responsibility of selling tickets and paying money out of their own pockets to bring the entertainment to our town. If the people enjoy the shows, and want the Chautauqua to continue to come here, they will either have to stand by the guarantors each year or no one will want to be a guarantor. The actual amount necessary for each guarantor to dig up this year was $14.25. It is not much money but many who signed cannot afford to pay a loss when it should not have been."

The practice of the Chautauqua management in forcing "good fellows" to guarantee them against loss is, everywhere, becoming repugnant and the ordinary "good fellow," ever ready to do more than his part, resents being imposed upon. A Chautauqua pays no license and its talent is never, except in isolated instances used to put over a mediocre program, other than of the general run of attractions. There are one or two well paid top-liners used for advertising purposes, of course.

If the Chautauqua's policy were fair; if the Chautauqua would say only where actual losses exist, the guarantors would be called upon to pay, it would be different, but where the Chautauqua demands and exacts tribute from guarantors where no losses occur a spirit of unfairness manifests itself which lessens the friendly feeling people formerly had for the Chautauqua. If public sentiment against the abuse of guarantors continues to grow it will not be long before Chautauquas will be forced to assume the ordinary risk of entertainment business, instead of wishing it on men and women who should not be expected to assume the same.

WHERE FAULT LIES

We wonder if the Rev. J. K. Stewart, of the Northwestern Alumni Association believes the country is going to the demnition bow-wows because he insists the University students are developing into spineless weaklings, tea hounds, and cake eaters.

"Athletics," says Dr. Stewart, "have become impossible. There is no need to hire coaches so long as this situation continues. Out of 1,700 male students in this university only twenty-two turned out to take part in athletics. Young men are developing into spineless weaklings instead of real men. This condition must or will stop or the ruin of the university is inevitable."

All very interesting, but perhaps the cause of the trouble may be found in those who conduct the colleges rather than in the young gentlemen who attend them. If college athletics were stripped of their trickery and the students were not compelled to mingle with rough necks and ignoramuses camouflaged as college men but in reality hired for pay to keep up the athletic standards of the teams, those who are legitimately engaged in rounding out their education might take a deeper interest in their college athletics. The trouble is that college sport has been turned into a business. The professor, in the study room, prates of high moral standards and then urges the young men to hot foot it to the athletic field, there to "rah, rah, rah" over the achievements of some husky "student" who, save for his skill on its field, would not get within ten miles of a college campus. When amateur athletics are kept as amateur athletics perhaps the call of the tea cup will not be so enticing.

CHINA

Last two or three years, we-ve harbored grave fears—for China. . . . . In fact we shed tears till they filled up our ears,—for China. . . . . We mourned till we're sick, at "The Rape of Shantung" and howled in disgust that the rapers ain't hung, while political bally-hoos dolefully sung—of China.

I've figgered myself, that we ort to reform—old China. . . . . And I mighty nigh cussed when the Jap took a swarm—to China. . . . . I pictured the Chink with a foot on his neck, while the ravisher gobbled his little brass check,—then I sent up a howl, to the echo, by heck,—fer Chiney!

Right now—when the mourners could bring her relief—old China,—she ups an' declares she ain't got any grief—dear China! She's gentle, and stupid, and chronic, and stale—she don't mind the crupper that's under the tale,—And the tears we have shed, somehow didn't prevail—in China!

FREE PUBLICITY

(Clem Bradshaw)

Every day I get a bundle in the celebrated mail, and the same I promptly trundle to the well known garbage pail. In this world are many causes, preached by mail to me and you, and they come with few scant pauses as we wander fro and to. This world teems with population; and some ninety-nine per cent of the whole dashed aggregation seems on propaganda bent. Though the cruel war is ended and the drums no longer throb, still the writers keen and splendid keep on toiling at the job; and they never get down hearted hectoring the weary fans, though their stuff is daily carted to the yawning garbage cans. Oh, I get so many letters that they haunt me in my dreams, from the aiders and abettors of the wild and woozy schemes; pamphlets big and missives tender, tales that jolt my trusty lyre, till I bust my lone suspender scooping them into the fire. Propaganda dry and dreary, propaganda con and pro, propaganda wet and bleary, tons and tons, so help me Joe. Cart it to the junk pile yonder, shoot it with a sawed-off gun; for I have no time to ponder every subject 'neath the sun. These publicity promoters make me weary in the neck; they should say, on scented noters, "Dear Old Chap:- Enclosed find check."

A SYMPATHIZING SOUL

In the latter years of his picturesque career, Colonel Eph Lillard was warden of the state prison at Frankfort. It was no more than natural that the Colonel should be a sincer e lover of good horse-flesh. To begin with, he was a Kentuckian born. He had been raised on a blue grass stock farm. While still in his teens he had been a raider in Morgan's cavalry, and at a somewhat more mature period had followed racing on the southern circuits. To him a thoroughbred was almost the noblest work of God.

In his conduct of the prison he applied some of the kindly principles which actuated him in his private life. It was his boast that no penitentiary in the South was run on more humane lines, and that his inmates had no cause to complain of the discipline, or the daily fare, or the routine of labor, or the conditions generally. One morning, though, word spread through the town that during the night a convict up at the Colonel's big, stone-walled establishment had hanged himself to the bars of his cell, and when discovered, was stiff and cold. In a body, the correspondent of the Louisville and Cincinnati papers waited upon the warden to learn the details of the suicide. They found Colonel Lillard in his private office, wearing upon his genial old face a look of genuine concern.

"Colonel," said the spokesman for the reportorial group, "It begins to look to us as though some of your pets were not so well satisfied as you've been letting on. How about that fellow who killed himself last night?"

"Boys," said the Colonel, "I've just been conductin' an examination into the circumstances of that most sad and deplorable affair. The situation with regards to the late deceased prove to be mighty affectin'. It seems he was sent up the first time to serve two years for stealin' a horse. When he got out he went back to his home and stole another horse and started down the big road with it. They caught him before he'd gone more than half a mile, and the jury gave him five years this time, and back he came again. After he'd served his second term he went into an adjoinin' county to the one where he'd formerly lived and slipped into a stranger's stable and stole a mighty likely blooded mare, but was overtaken at daylight next morning and carted off to jail, and inside of three months was back here again doin' an eight-year term. The way I look at it, the poor fellow took to broodin' and just naturally despaired of ever gettin' himself a horse."

WITHIN AN INCH

Pat was the man who did all the odd jobs about the place, and, owing to petty thieving, his employer instructed him to get a good yard dog.

Pat was out all day and in the evening landed home with a dachshund.

"What on earth have you brought along Pat?" queried his employer.

"Well, sir," said Pat, "he's the nearest I could get to a yard; he's two feet elivin inches long."—**Minneapolis Tribune.**

A GRAVE MISTAKE

A California artist sold to a Pasadena lady two years ago one of his landscapes. The lady after she had had the picture a few weeks tired of it, and to another artist, who dined with her one night, she said, "I think that new picture of mine lacks animation. It needs life in it. Would you be willing to paint for me a man or woman on that road that runs through the middle?"

"Why, surely!" he replied. And he took the landscape home with him, made the addition and returned it the next morning.

Later, meeting the painter of the picture, he said, "I had the audacity to alter a picture of yours the other day. It was the landscape you sold the Pasadena lady. She wanted a figure in it, and, to oblige her, I painted an old peasant walking down the road.

"Walking down the road!" exclaimed the painter. "Why, that wasn't a road! That was a river."

CHEERING THE PATIENT

Two eminent physicians who had been called in consultation retired to another room to discuss the sick one's condition. In the closet of that room a small boy had been concealed by the patient's directions, to listen.

"Well, Jimmy," asked the patient eagerly after the physicians had gone, "what did they say?"

"I couldn't tell you that," said the boy. "They used such big words I didn't understand 'em.

"All I remember was that one doctor says to the other, 'Well, we'll soon find that out at the autopsy.'"

THE EASIEST WAY

An extra measure of *power* with every gallon drawn from this pump,

Gasoline, mixed with air, makes gas, and gas makes power.

***How much* power depends primarily upon how completely the gasoline vaporizes in the carburetor.**

"Red Crown" vaporizes 100 per cent. Every atom mixes with many times its weight of air and combusts cleanly and powerfully, leaving a minimum of carbon residue on spark plugs, valves and cylinder heads.

That's why you get more power and mileage and a sweeter-running motor when you use "Red Crown."

WENT TO YOSEMITE

Mr. and Mrs. T. M. Cleland are home from an auto trip which took them to various places about the state, the longest stay, however, being the Yosemite Park. Mr. and Mrs. Cleland were accompanied to Yosemite by Misses Louise Sheldon and Miss Luzette Ward, who are employed in Bay schools and are friends of Mr. and Mrs. Cleland's daughter. Treatment of guests in the park is wonderfully cordial, Mr. Cleland said upon his return, and the grandeurs of the big playground have not been overstated. Traffic into the park happened to be ordinary the day the Ukiah party started in, only 200 machines having passed ahead of them. In spite of the fact the Shrine held great numbers of people away from the valley there was, when Mr. and Mrs. Cleland and party got to The Lodge, an estimated population of more than 9,000 tourists on the floor of the valley.

HARDIE HOME HAPPY

Ukiah people will be sending felicitations to Mr. and Mrs. Albert M. Hardie, of Berkeley when the news of the arrival of a son in their home is learned in the Ukiah valley. Mr. Hardie was formerly in the law offices of Mannon & Mannon and is now United States Commissioner at Berkeley. Mr. Hardie was deservedly popular in Ukiah, while Mrs. Hardie, the former Bertha Romer, a very charming Ukiah valley girl, too, was highly esteemed for her gracious manner. At last reports Mrs. Hardie and the baby were doing nicely and it was contemplated for them to, within a few days, return home.

FOR WILLITS VISITORS

Picknicking and swimming are the popular modes of entertainment during the warm June weather and the people along Russian river are rarely unoccupied during the afternoon and evening. Last Saturday evening a group of young women enjoyed a delightfully informal supper and swimming party in honor of a group of Willits ladies. Those in the party included the Misses Geraldine and Margaret Cunningham, Leva and Freda Ruddick, Gertrude Connolly, Vivian Green, Marian Handy, Veta White, and Mrs. Madge Rupe Davidson and the Misses Haskell and Thompson of Willits and Mrs. Jenkins of Berkeley.

Golf Lures Many To Burklea Links

Ukiah Valley society is taking more than kindly to the fashionable exercise of her larger neighboring cities—golf and regularly there is an ever-increasing number of devotees, men and women, to be seen on the fine Burklea links. Nor can it be said a betterment in numbers alone is observed on the course—the truth is some really clever golfers are developing.

Saturday and Sunday last there was a tournament at which some very fair playing was observed. The play was spirited and in the ladies tournament resulted:

Miss Veta White and Mrs. W. J. Ricker motored to Santa Rosa Sunday and were accompanied home by Mrs. Orville White and son Billy who had been enjoying a visit of several days in Santa Rosa.

HAD FAMILY RE-UNION

A big family re-union attended by 54 members of the Prather and Brown families took place at Ward's grove, near Yorkville, Sunday last. For a number of years it has been the custom of the members of the two families to annually hold a picnic, or get-together dinner and this year members came from Geyserville, Anderson Valley and Ornbaun valley and Ukiah. The relatives enjoyed themselves at the fine dinner served by the women folk and later, as they sat about in the great grove, brought back bits of old family history of a most interesting kind. Nothing was missing to make the affair enjoyable and the day will be recalled as a most pleasant one by those who attended.

SILVER WEDDING

Mr. and Mrs. I. C. Thomson were delightfully surprised upon the occasion of their silver wedding anniversary recently when their children and family, to the number of sixteen, arranged a pretty observance of the day. The decorations for the event were carried out in magnolia blossoms—the same flowers that decorated the bride's home upon the occasion of the wedding twenty-five years ago. Among the gifts was a chest of silver from the children of Mr. and Mrs. Thomson.

ARMY COUPLE DEPART

Major P. J. Dowling and wife are now in San Francisco, after having been guests at the home of Mrs. Dowling's parents, Mr. and Mrs. C. A. Aldrich some time. Major and Mrs. Dowling started from San Antonio, Texas for Ukiah by automobile, but, after running into the floods which were at the time of the start raging in Texas, they deserted their machine and come on by train. Major Dowling will continue south to his station with the army while Mrs. Dowling will remain in Berkeley for the session of summer school.

DAUGHTER BORN

Mr. and Mrs. Russell Scott are rejoicing over the birth of a baby girl Tuesday June 20, at their home in Salinas. This is the first girl in the family and has been named Shirley June. Mr. Scott is the son of Mr. and Mrs. C. B. Scott of Ukiah and a former well-known resident.

VISITED HOME TOWN

Captain and Mrs. "Hal" Standley were recent visitors to Ukiah where they were the guests of relatives. Captain Standley's ship, the California, is anchored in coast waters and local friends are anticipating an occasional glimpse of the gallant officer and his charming wife both of whom are former residents and well-known to scores of Ukiah folk.

A UKIAH WOMAN'S EXPERIENCE

Can you doubt the evidence of this Ukiah woman?

You can verify Ukiah endorsement. Read this:

Mrs. Laura Shattuck, 1126 W. Perkins St., Ukiah, says: "I have used Doan's Kidney Pills for lame back and kidney complaint and they have always given me excellent results; for this reason I can highly recommend them. I certainly think they are a splendid kidney remedy." (Statement given June 22, 1916.)

On February 16, 1920, Mrs. Shattuck said: "My opinion of Doan's Kidney Pills is just the same as when I gave my former statement. I seldom need a kidney remedy now, but if my kidneys get slightly out of order, Doan's are sure to give me relief."

CYCOL
MOTOR OIL

free from destructive "Sulpho" compounds

Destructive "Sulpho" Compounds damage your engine

The presence of destructive "sulpho" compounds in oil and the great damage they cause to engines are comparatively recent scientific discoveries.

Destructive "sulpho" compounds in oil cause it to break down and thin out—cause loss of power—cause engine troubles and heavy repairs.

The Associated Oil Company originated and has sole use of the new Hexeon Process. It makes Cycol free from destructive "sulpho" compounds. As a result Cycol retains its "body" under engine heat—maintains the lubricating film between moving parts—prevents many serious engine troubles.

No other oil can do this, regardless of its "base," source or price, if it contains destructive "sulpho" compounds. Don't risk the damage that such oils cause. Flush your crank case with fresh lubricating oil, not kerosene or so-called flushing oil, then refill with Cycol.

The importance of the Cycol Lubrication Chart

Different brands of motor oils have different bodies. The safest, surest way to get the best performance from your motor and avoid expensive engine troubles due to incorrect lubrication is to use the grade of motor oil specified on he Cycol Lubrication Chart.

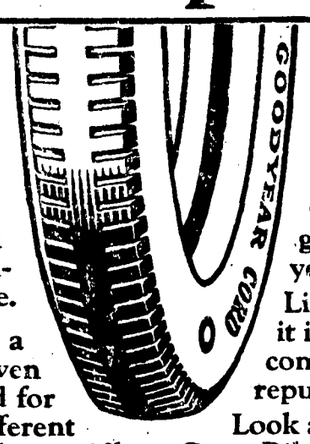
The new Goodyear Cross-Rib Tread Cord

A Remarkable New Cord Tire at a Popular Price



Here is a big, sturdy, long-wearing new tire built to satisfy the buyer on every point of mileage, quality and price.

It is designed especially for the man who wants the essential advantages of cord tire performance at the lowest possible price.

It is designed to offer the buyer a quality product at a price even lower than he has formerly paid for a "long discount" tire. It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and its selling price ranges from 20 to 25% less.

This new tire is the Goodyear Cross-Rib Tread Cord.

Like the All-Weather Tread Cord it is liberally oversize in all straight-side sizes, the 4½-inch tire, for example, actually measuring nearly 5 inches.

Like the All-Weather Tread Cord, its foundation is genuine high-grade long-staple cotton.

Like the All-Weather Tread Cord, it embodies the efficient group-ply construction, a Goodyear patent.

Like the All-Weather Tread Cord, it is the product of an experienced company which has a world-wide reputation to safeguard.

Look at the prices of the new Goodyear Cross-Rib Tread Cord, listed below.

Compare these prices with net prices you are asked to pay for "long discount" tires of unknown reputation and value.

Why take a chance on such tires?—you know it doesn't pay.

You can get the new Goodyear Cross-Rib Tread Cord, as well as the famous All-Weather Tread Cord, from any of the Goodyear Service Station Dealers listed here.

Compare these prices with NET prices you are asked to pay for "long discount" tires

Don't Neglect Your Floors

It's fun to paint or varnish them yourself—easy too

FLOORS that have a good finish do not get scarred and worn, the finish takes the wear. Well finished floors always look better, too.

If your floors need refinishing and you can't get a painter to do the work, refinish them yourself. You can do it easily—"it's really fun."

Our "Home Service Paint Department" was organized just to help women refinish things about the home. Write for free advice, telling us what you want to refinish and how you want it to look.

Our experts will explain every step of the work and recommend the right materials, brushes, etc.

There are special Fuller Paints, Varnishes, Enamels, Wall Finishes and Stains for you to use. They are the best products of their kind that we know and we have been making such products for 73 years.

Take advantage of Fuller's Free Advice and Fuller's Products in beautifying your home. The results will surprise you. The work will fascinate you.

Fifteen-for-Floors

Fifteen-for-Floors Varnish. This varnish is unexcelled for beauty of finish, durability and ease of application. Rolling furniture, boiling water, heel marks, everyday wear and tear have no effect on this glossy, elastic and durable finish.

We also make Decoret Varnish Stains, All-purpose Varnishes, Rubber-Cement Floor Paint, Washable Wall Finish, Silkenwhite Enamel, Fullerwear Varnish, Floor Wax, Auto Enamel, Fuller's Hot Water Wall Finish (kalsomine), Porch and Step Paint, and PIONEER WHITE LEAD.
